### THE CITY

Rome, known as the 'Eternal City', is the monumental capital of Italy with a wide cultural offer: from museums to parks, from art galleries to unique and unforgettable archaeological sites. Famous for its vivid night-life, its family run restaurants and world famous hotels, Rome combines tradition with modernity, elegance with informality. Rome has also many theatres, cinemas, restaurants, clubs and markets - it will be difficult to choose from.

Rome is a multi-layer unique capital, not only because another hidden city lies beneath today's surface, but also because in Rome you will witness the abundance of various styles from different ages: from Roman to Medieval architecture, from Renaissance perfection to Baroque splendour. This abundance makes Rome one of the most attractive and exciting cities in the world: discover the seduction of its squares, hear the water flowing from its magnificent fountains, admire the holiness of its numerous churches where world renowned artists have created masterpieces, feel the history of mankind as you walk through Roman's ruins and its beautiful buildings, enjoy people strolling at "Campo dei Fiori", "Piazza Navona" and "Piazza di Spagna".

The hospitality and warm character of its people will make it easy for our students to make new friends. Rome is a cosmopolitan city with so much to offer to the visitor, it is one of the perfect places in which to learn Italian.
